

ART

in English for Kids

winter half-day programs in Töölö, Helsinki for children (7-11 year-old)

For:

7-11 years old children, who are English speaking or want to practice English while enjoying art-making

When:

Week 1 (January 2nd-6th), 2012, 9am - 12:15pm

Program schedule:

9:00-10:30	Workshop I
10:30-10:45	Break and snack
10:45-12:15	Workshop II

What we'll do:

Workshops with Eungyung Kim, MFA, MPS (US, KR & FI): *Drawing Together*

In this workshop, children will both work individually and collectively- creating own unique works and creating environments together as a group (e.g. animals and their environment, houses and neighborhood). Workshop involves painting, drawing, constructing three-dimensional works with various materials. The program emphasizes on free self-expression through art- art as communication, expression and connection- in a warm and encouraging environment.

Workshop with Laura Wesamaa, MFA (FI): *Garden*

We will think of the idea of gardens together by looking at various art works and selected pictures of different types of gardens. By drawing and painting the children will get to design their own imaginary gardens. Later some elements of the garden will be developed, creating three-dimensional forms using various simple building techniques.

Exhibition:

The last day of the workshops, we will have an exhibition where the children can see their creations during the week. Parents and visitors are welcome to celebrate and marble with us!
